Subject: RE: Chris Frey Briefings on Tuesday- Chloroprene and ETBE and TBA
Attachments: Chloroprene RFC RFR.docx

Hi Danielle,

Yes, there are materials and Wayne is familiar with the chloroprene topic and aware of the ETBE/TBA topic.

Here's the one pager on chloroprene we created for the transition and will be using that for the briefing. Likely John Vandenberg, Kris Thayer, or both will present. The IOAA already has this factsheet.

The ETBE/TBA briefing is on the IRIS assessments for those chemicals and Kris Thayer and the assessment managers will be giving the briefing. I am expecting factsheets by the end of today on ETBE/TBA and will review and share the final versions with Wayne and others, as well as the IOAA, prior to the Tuesday briefing.

Thanks,
Samantha

Hi Samantha,
Do you know if Wayne has 1 pages on Chloroprene and ETBA/TBA? He has briefings with Frey on Tuesday mid-day.

Thanks,
Danielle
